Read—

The reports from the Commissioner in Sind and the Commissioners of Divisions on the administration of Local Boards in the Bombay Presidency during the year 1919-20.

RESOLUTION.

Number of Boards.—The total number of District Local Boards remained the same as before, namely, 26, and the number of Taluka Local Boards increased from 215 to 219 owing to the formation of 2 new Boards in the Southern Division and 1 in Sind, and to the splitting up of 1 Taluka Local Board in Thana District (Northern Division) into 2.

2. *Area and Population.*—There was no change of importance in the area and population under the Local Boards.

3. *Constitution.*—The year marks a further increase in the non-official element in the constitution of the Local Boards. In Sind the elective franchise was in force in all districts except in four talukas in the Thar Parkar District, and in the backward talukas of the Upper Sind Frontier District. During the year the District Local Boards of Karachi, Hyderabad, Sukkur, Thar Parkar and several Taluka Local Boards in the Karachi, Larkana and Thar Parkar Districts were constituted on the basis of a two-thirds elective element. In the Northern Division all the Local Boards were reconstituted on the new basis, and there was no Local Board in the Division in which the elective element was less than two-thirds of the total number of members. In the Central Division in the Ahmednagar, East Khandesh, Sholapur, West Khandesh and Satara Districts all Boards excepting the Taluka Local Boards of Satara, Patan and Javli and in the Southern Division all the Local Boards in Belgaum, Dharwar, Kanara and Kolaba Districts were similarly reconstituted. The only district which was not given a two-thirds elective representation was Bijapur, where it has since been sanctioned from the 1st May 1920.

4. *Elections.*—In the Northern Division general elections were held in the districts of Ahmedabad and Thana and in the Central Division in all the districts except Nasik and Poona, but in no case did they arouse any appreciable interest, and there was very little competition. In the case of the Taluka Local Boards of Akola and Rahuri no votes were recorded, and for one electorate Government had to make the appointment as there was no candidate. In Parner no votes were recorded for four groups. In the Southern Division triennial elections were held in the districts of Kanara and Dharwar. In Dharwar, in most cases, the seats were contested and considerable interest was taken by the electors.

5. *Meetings.*—The total number of meetings held during the year fell from 1,578 to 1,509, of which 163 proved abortive for want of a quorum. The decrease in the number of meetings occurred mainly in the Northern Division, and is accounted for by the fact that in Ahmedabad and Thana only meetings held since the reconstitution of the Local Boards have been included in the returns. All District Local Boards complied with the rule regarding the holding of half-yearly meetings. One Taluka Local Board in the Southern Division and one in Sind, and the reconstituted Local Boards in the Ahmedabad and Thana Districts failed to hold the prescribed number

of meetings. The average percentage of members attending the meetings in the Northern, Central and Southern Divisions and Sind was respectively 61·9, 55·7, 59·9 and 50·7 against 61·1, 50·44, 48·56 and 50·88 in the preceding year. In Sind the provisions of section 34 of the Bombay Local Boards Act, 1884, were, as usual, freely employed for the transaction of business by circular, and they were also used in certain districts in the Central and Southern Divisions.

6. *Income.*—The aggregate income of the boards (excluding debt items) rose from 106 to 129 lakhs of rupees. The following statement compares the receipts under the principal heads of revenue with those of the preceding year :—

...	1919-20.	1918-19.	Increase.	Decrease.
	Rupees in thousands.			
Land Revenue	4,10	3,91	19	...
Local Rates	33,63	26,02	7,61	...
Interest	30	29	1	...
Police	2,43	3,29	...	86
Education	59,33	53,07	6,26	...
Medical	1,62	1,19	43	...
Scientific and other minor Departments ...	1,19	1,42	...	23
Miscellaneous	75	71	4	...
Civil Works	25,04	16,22	8,82	...

7. *Land Revenue.*—Under this head there was a net increase of Rs. 28,000 in the Northern and Southern Divisions which was counterbalanced by a decrease of Rs. 7,500 in Sind and of Rs. 2,000 in the Central Division. The income under this head is a fluctuating one and varies with the public demand for sand and kankar. In the Northern Division the increase (Rs. 25,245) was mainly due to larger collections in Broach, Surat and Thana in the shape of sand and quarry fees. In Thana the increase is ascribed to the great rise in the prices of stone and sand caused by the building activity which arose out of the general prosperity. In Sind the decrease was mainly due to smaller realisations from fishery farms in the Karachi, Sukkur, Larkana and Thar Parkar Districts and to a fall of Rs. 8,000 in the receipts under sand and quarry in the Sukkur District. The decrease was partly counterbalanced by an increase in the receipts on account of fisheries in the Hyderabad and Nawabshah Districts and by the recovery of instalments of revenue which had fallen into arrears in the Hyderabad District.

8. *Local Rates.*—The increase of Rs. 7,61,000 under this head is shared by all the Divisions, and is generally due to the recovery of revenue suspended during the previous year. In Sind there was a decrease of Rs. 61,500 under this head which is shared by all the districts except Larkana and is mainly due to floods in the Karachi and Sukkur Districts, and to a diminution in the area under cultivation in the Thar Parkar District. There was, however, an increase of Rs. 7,000 in the Larkana District owing to good inundations resulting in an increase in cultivation and consequently in the receipts from the one anna cess. In Bijapur and Dharwar in the Southern Division there was a decrease under this head of Rs. 24,000 due to the non-recovery of instalments due before the close of the year. A substantial depreciation in receipts of over Rs. 1,00,000 is noticeable in Broach District owing to poor crops and the consequent resuspension of land revenues.

9. The decrease of Rs. 86,000 under the head " Police " is due to the smaller number of cattle impounded under the Cattle Trespass Act; this is said to be due to the heavy mortality among cattle caused by the fodder famine of the previous year, and is shared by all the Divisions.

10. *Education.*—The increase of Rs. 6,26,000 under this head is chiefly due to enhanced Government grants for war allowances to school masters and for the building and maintenance of schools.

11. *Medical.*—The increase of Rs. 43,000 under this head is, in a great measure, due to the grants-in-aid made by Government for the construction and maintenance of dispensaries and for additional expenditure on account of the revision of the pay of vaccinators.

12. *Scientific and other minor Departments.*—Sind was mostly responsible for the decrease of revenue under this head. It is due to the fact that receipts for the previous year were enhanced by grants-in-aid received from the Wadia Bequest Fund for the construction of veterinary dispensaries at Nawabshah and Kandhkot in the Upper Sind Frontier District. In the Northern Division there was an increase under this head which was counterbalanced by a decrease in the Central Division. In the Southern Division the increase of Rs. 4,000 was due to Government grants towards veterinary dispensaries at Indi and Sindgi in the Bijapur District, and to popular contributions for opening new ones at Ron and Haveri in the Dharwar District.

13. *Civil Works.*—The very considerable increase of Rs. 8,82,000 in receipts under this head is mainly due to larger Government grants for communications. Apart from Government grants there was some increase in Thana District in the receipts from tolls, and in Surat a popular contribution of Rs. 19,000 for a causeway across a creek and a contribution of Rs. 10,000 from the Bombay Presidency Famine Relief Committee helped to swell the figures under this head. Similarly in the Central Division the Sholapur District Local Board received a grant of Rs. 14,289 from the Wadia Bequest Fund and the Ahmednagar Board obtained a grant of Rs. 7,255 from the Trustees of the Sir Sassoon David Fund for the construction of a hostel for Koli boys in the Akola dangs. In the Southern Division the main sources of increase, apart from Government grants, were tolls and popular contributions. In Sind a grant of Rs. 1,93,000 was sanctioned by Government for the repair of Local Board roads and a special grant of Rs. 50,000 was made to the Karachi Board for repairs to the roads and bridges damaged by floods in the Shahbunder Division owing to a breach in the Belo Loop Bund. A portion of the increase in Sind was caused by Government grants made available from the excess excise revenue for educational and dispensary buildings.

14. *Expenditure.*—The total expenditure of the Boards (excluding debt items) rose from 104 to 120 lakhs of rupees. The following statement shows the distribution of expenditure under the several heads as compared with that in the preceding year :—

...	1919-20.	1918-19.	Increase	Decrease.
	Rupees in thousands.			
Administration	2,28	1,53	75	
Education	62,74	53,49	9,25	
Medical	8,48	6,66	1,82	
Scientific and other minor departments ...	1,88	1,60	28	...
Stationery and Printing	24	16	8	
Miscellaneous	1,60	1,35	25	
Civil Works	40,62	38,34	2,28	
Debt	13,13	2,94	10,19	

The most important variations are commented upon below.

15. *Administration.*—The increase of Rs. 75,000 was shared by all the Divisions and Sind. In the Northern Division it was mainly due to the payment of war allowances to the Local Board establishments, and to a certain extent to the purchase of new furniture and articles of dead stock for the North Daskroi Local Board office which was burnt during the riots in Ahmedabad. The creation of a separate District Local Board office for Thana also entailed additional expenditure. In the Central and Southern Divisions the increase generally went in salaries; additional expenditure had also to be incurred for the separate establishments given to the District Local Boards of Satara and Kolaba. In Sind the increase can be traced to similar causes, and particularly to the creation of a separate establishment for the District Local Board of Hyderabad and the employment of clerks for the Vice-Presidents of certain Taluka Local Boards.

16. *Education.*—All the Divisions and Sind shared in the increase of Rs. 9,25,000 under this head which was chiefly due to the grant of war allowances to school teachers and to increases in their scales of pay. In the Southern Division there was a very large increase of Rs. 2,60,000 under this head which was mainly due to the opening of new primary schools and to expenditure incurred on the education of the backward classes, grants-in-aid, and prizes and scholarships to pupils. In Belgaum 12 new primary schools including one girls' school were opened and a dozen additional schools were started for the benefit of the children of depressed classes.

17. *Medical.*—The expenditure under this head rose from Rs. 6,66,000 to Rs. 8,48,000. The increase was shared by all the Divisions and Sind and was principally due to the grant of war allowances to dispensary and vaccination establishments, the revision of their pay, the high prices of medicines, and grants to Sanitary Committees. In the Northern Division the increase was partly due, among other causes, to the purchase of medical stores, and to contributions to the recently opened dispensaries at Matar in the Kaira District and at Badlapur in the Thana District. In the Southern Division the increase was partially due to the opening of two dispensaries at Bilgi and Talikot in the Bijapur District, and of one permanent and two temporary dispensaries in the Kolaba District. New dispensary buildings were completed during the year at Badami and Mundargi and a third was under construction at Shiggaon in the Southern Division. The District Local Boards of Bijapur and Kolaba spent Rs. 1,929 and Rs. 1,588, respectively, on epidemics and Bijapur also contributed a sum of Rs. 7,650 to various institutions established for public medical relief. Karjat school in the Kolaba District was selected for experiment in the distribution of quinine to school-children, and a number of boys from that school were treated for enlargement of the spleen with satisfactory results. Quinine pills were distributed in the Kanara District and were eagerly accepted by the public. In Sind there was an increase in the expenditure on the purchase of quinine in the Larkana District. The Karachi District Local Board distributed free 143 parcels of quinine tabloids and 18 bottles of quinine bisulphate. The board also sold quinine at much reduced rates, thus undergoing a loss of Rs. 543, and spent Rs. 4,000 on influenza mixture and other medicines, and on pneumonia jackets in connection with the outbreak of influenza. The free distribution of quinine was much appreciated by the public.

18. *Scientific and other minor Departments.*—In Sind the increased expenditure was mainly due to enhanced establishment charges and greater expenditure on cattle and other shows. In the Southern Division two more veterinary dispensaries were opened in the Bijapur District, and in the Dharwar District arrangements were made to open one dispensary at Haveri while another was established during the year at Ron.

19. *Civil Works.*—The expenditure under this head rose by Rs. 2,28,000 as compared with the previous year's outlay of Rs. 38,33,725. The increase was shared by all the Divisions and Sind. The expenditure for the whole Presidency under this head represents, however, only 30·67 per

cent. of the entire expenditure of the Boards, as against 35·71 in the preceding year. The following statement compares the charges under the various heads with those of the preceding year :—

	1919-20.	1918-19.	Increase or Decrease (+ or —)
	Rupees in thousands.		
Buildings ... ... { Original.	3,80	3,38	+42
Buildings ... ... { Repairs.	2,12	1,76	+36

Staging bungalow fees	11	18	—7
Arboriculture	1,47	1,44	+3
Miscellaneous	12	11	+1

20. *Communications.*—The major portion of the outlay on "Civil Works" was as usual devoted to the construction and repair of roads and bridges. In the Northern Division the total expenditure on original works remained very nearly the same as in the previous year while that on repairs rose from Rs. 4,91,871 to Rs. 5,38,074, the increase being principally due to the rise in the rates of material and labour. In the Central Division the total expenditure was Rs. 6,70,340 as against Rs. 6,49,204 in the preceding year. In the Southern Division there was a decrease of Rs. 20,000 under original works in Belgaum as the major portion of the Wantmuri-Pachhapur Road was constructed in the previous year and no new work was undertaken by the Board. In Dharwar the decrease in expenditure is attributed to the scarcity of labour. In Ratnagiri village works and repairs to small Local Board roads valued at Rs. 23,000 were executed by voluntary labour. In Sind the expenditure under this head rose from Rs. 5·26 to 5·37 lakhs. There was a fall in expenditure on original works in all the districts except Larkana and Thar Parkar, but expenditure on repairs showed a considerable increase which was due to the utilization of the grant of Rs. 1,93,000 sanctioned by Government for this purpose. Thirteen school houses, three cattle pounds and thirteen Musafirkhanas were constructed in Sind. During the year a number of Local Board roads in the Presidency including Sind were provincialised, a measure which afforded considerable relief to the Local Boards which had great difficulty in keeping them in good order.

21. *Water Supply.*—The expenditure under this head was practically the same as the previous year. In the Northern Division there was an increase of over Rs. 9,000 which was counterbalanced by a decrease of Rs. 7,000 in the Southern Division.

22. *Arboriculture.*—The expenditure under this head also remained practically stationary. In the Northern Division there was a decrease of Rs. 2,250 for which Broach, Surat and Thana are responsible. There was also an aggregate decrease of Rs. 4,000 in the Southern Division and Sind, all the decreases being counterbalanced by an increase of over Rs. 8,000 in the Central Division. In Sind the total length of roads newly planted with trees during the year was 65 miles as against 60·14 in the preceding year.

23. *Closing balance.*—The table appended to this Resolution shows, with divisional totals, the opening and closing balances of the District Local Boards. The aggregate of the closing balances of all the Boards of the Presidency amounted to Rs. 44 lakhs against Rs. 31½ lakhs in the previous year. A large part of the balances consists as usual of educational funds.

In the Northern Division a notable decrease in the closing balance occurred in the case of Broach which had a balance of Rs. 60,354 as against Rs. 1,03,662 in the previous year. The balances in all the districts continue to be far in excess of the prescribed minima. In Surat the excess balance amounting to Rs. 1,45,730 was chiefly due to the fact that two sums of Rs. 28,901 and Rs. 39,918 allotted for works remained unutilized on account of the scarcity of labour and high prices of materials. In the Central Division at the close of the year there remained an unspent balance of Rs. 14,30,555 as against Rs. 9,80,610 in the preceding year. In Ahmednagar there was a closing balance of Rs. 1,36,955 which included deposits amounting to Rs. 67,449 and the education fund of Rs. 65,513 which was swollen by adjustments of Government grants for war allowance to teachers by credit to Local Boards in the final accounts for March, 1920. In Satara the excess of Rs. 99,229 over the minimum closing balance is intended by the Local Board to be utilised for the construction of new District and Taluka Local Board offices and of a veterinary dispensary and for repairs to roads. In the West Khandesh District there was an excess balance of Rs. 1,97,946 under this head out of which Rs. 1,14,070 represents the educational balance. The excess is due to receipts of Local Fund cess amounting to Rs. 65,150 and a provincial grant of Rs. 20,000 for the school buildings at Songir in Dhulia Taluka. In the Southern Division all the Boards except Bijapur show large excess balances especially Dharwar, Belgaum and Kolaba. The reasons assigned for the excess are :—

(i) Part of the educational funds reserved for the construction of school buildings has not been utilised.

(ii) Works for which budget provision was made have not been carried out owing to scarcity of labour and the rise in the cost of materials,

(iii) The inability of the Public Works Department to execute certain works sanctioned, and

(iv) Receipt of Government and other grants too near the close of the year.

The Commissioner in Sind observes :—

"The large unspent balances are still very much in excess of the prescribed minima and remain an unwelcome and conspicuous object in the report. In Karachi the late receipt of sanction to the grant of Rs. 50,000 sanctioned in Government Order no. 786, dated 21st January 1920, and the paucity of overseers to carry out the works are mainly responsible for the large unspent balance of the District Local Board. In the other districts large balances are accounted for by the number of works remaining unfinished at the end of the year and the surrender, owing to scarcity of labour and low rates provided in some of the estimates, by the Public Works Department of large sums from the amounts placed at their disposal, for works to be carried out by the Department and the late receipt of some of the grants for dispensaries.

"As regards the educational balances the Educational Inspector has promised to reduce them as soon as certain works which are under construction and in contemplation are carried out. The late receipt of some of the grants is also responsible to some extent for the large balances."

24. *Works Committees.*—In the Northern Division Works Committees consisting for the most part of non-official members were appointed in five out of the six districts in the Division for the supervision of works in progress. In addition, 29 Village Committees were formed in the Kaira District and some sub-committees were formed in the Dohad Taluka of the Panch Mahals District. Some of the members are reported to have taken an interest in the supervision of works and to have rendered assistance by procuring labour, carts, etc. The President of the District Local Board, Broach, states that the same apathy was to be observed among the members of these committees as during previous years, and though a few members

took an interest in the business of these committees the burden of inspecting works virtually fell upon the Chairmen and the Vice-Presidents of the Taluka Local Boards who carried out their duties with enthusiasm. With regard to the Central Division the Commissioner remarks that the inspection of Local Board works was insufficient and perfunctory, but as Government have recently sanctioned a proposal to grant travelling allowance to members, Vice-Presidents and Presidents, it is hoped that some improvement will result. Rao Bahadur Chitale, President of the District Local Board, Ahmednagar, writes "On the whole the working of Taluka Local Boards of Nagar, Parner, Shrigonda and Akola was very satisfactory and in other talukas the supervision was found not only to be slack, but the actual works executed were found to be indifferently done. This result was due to the apathy of members in general and supervising officers in particular. It may also be partly due to the fact that the District Local Board does not supervise and inspect the works executed by Taluka Boards by Civil Agency. The Mistry or Sub-Overseer thought himself to be quite safe if he got a completion certificate of the works signed by members, which appears to have been done in many cases without the sense of full responsibility. This year all such works were again inspected in detail by the Overseer attached to the District Local Board and many defects were brought to notice and are still under investigation. This system of detailed inspection will certainly check the evils in detailed administration when these works come to be inspected by more responsible officers, such as the Local Board Engineer." In the Southern Division Works Committees were in existence in all the districts. With a few exceptions, as in Belgaum, the members continued to take very little interest in their duties. Village Committees were in existence in certain talukas of the Ratnagiri and Kolaba Districts but they were not found to be useful. In Sind the members of the Works Committees in the districts of Karachi, Sukkur, Larkana, Nawabshah and Upper Sind Frontier carried out a certain amount of inspection and supervision, but in the district of Thar Parkar the members took no interest and rendered no help.

25. *General.*—The administration of the Boards was on the whole satisfactory, but the general shortage of labour hampered in many cases the progress of works undertaken by them. The Commissioner, S. D., remarks that among certain Local Boards a tendency is to be observed to allow large amounts to be absorbed every year on petty repairs to unimportant roads, or on temporary works that are not really essential, and he points out that instead of dissipating money on small works in isolated places, where supervision is difficult, the Boards should select a definite area every year and concentrate all the available funds there. The Local Boards were empowered to carry out works by their own agency up to a limit of Rs. 10,000, and a few availed themselves of these powers.

With the aid of a Government grant of Rs. 60,000 the Local Board of Ahmednagar opened cheap grain shops in Rahuri and Parner Talukas. In all ten shops were opened, out of which four were managed by officials and the rest by non-officials. These shops served a very useful purpose by keeping down the general price of grain at a critical time. Cheap grain shops were also opened in the Kolaba District with the aid of a Government grant of Rs. 50,000 and with the valuable assistance of the late Khan Bahadur H. M. Bhiwandiwalla who advanced rice worth Rs. 8,43,836, foregoing the whole of his legitimate profit. The loan was returned by applying the sale proceeds to the liquidation of the debt; the organization of relief in this district reflects great credit on the District Local Board.

The Commissioner in Sind expresses the opinion that Chief Officers who have no engineering knowledge prove to be far from useful to the Boards, and that a Chief officer of a Mukhtiarkar's or Deputy Collector's rank is a heavy burden on their finances without a practical return. Government have sanctioned the appointment of engineers as Chief Officers in a few cases; they regard these appointments, however, as experimental in character, and prefer to await the results of these experiments before announcing any definite policy in the matter.

The policy of appointing non-officials as Presidents of District Local Boards was steadily pursued, and during the year a large number of non-officials were appointed Presidents of Taluka Local Boards; at the close of the year the great majority of the Presidents and Vice-Presidents of the Taluka Local Boards were non-officials. It is gratifying to note that the non-official Presidents and Vice-Presidents have discharged their duties satisfactorily; Government regret, however, to observe that the Presidents do not always receive so much help from other members as they have a right to expect and hence the executive control is practically centered in the hands of one member while the other members regard themselves as a purely consultative body. In the opinion of Government administrative improvements cannot be effected unless all those who aspire to and obtain office recognise that the position carries responsibility with it and that as trustees of the public it is their duty to see that public money is spent to the best advantage.

During the year there were two ferry accidents in the Southern Division resulting in loss of human life. It was noticed that these accidents were due to the unsatisfactory type of boats used, and instructions have since been issued to replace them by wooden boats which will be periodically inspected.

At present a number of Local Board schools are held in temples, dharmshalas, chavdis and private houses under insanitary conditions, with insufficient accommodation and under untrained masters, and consequently one of the most urgent needs of the Boards is the provision of suitable school houses and more trained teachers.

A special school for the Dharalas and Kolis of the Panch Mahals District was opened at Vejalpur in Kalol Taluka on the lines of the Dohad Bhil school. There is accommodation for 25 students who are given free boarding and lodging. In Ahmednagar the experiment of attaching English classes to the primary school at Parner was successfully tried.

The very heavy mortality from influenza during the year has shown the necessity of opening more dispensaries. Government have offered to bear half the constructional cost of every new dispensary established by a Local Board, and to grant the other half as a loan at 5 per cent. repayable within a period of 20 years. It is hoped that the Boards will take full advantage of these concessions.

The detailed audit reports show that in the case of many Taluka Local Boards in the Southern Division there is great room for improvement in accounting, and 14 Boards in that Division have been adversely criticised by the Examiner of Local Fund Accounts. It is a common complaint that audit notes are disposed of in a very dilatory manner and hence the audit loses half its effect. Local Boards should be instructed to devote more attention to this very important matter.

26. Copies of this Resolution should be submitted to the Secretary of State and the Government of India, and should be forwarded to all Commissioners and Collectors and to the other officers and Departments concerned.

By order of the Government of Bombay (Transferred Departments),

J. C. KER,
Secretary to Government.

G. R., no. 7468, G. D., dated the 21st June 1921.

The closing balance in the last year's statement No. III was shown to be Rs. 2,10,875 while the opening balance in this statement is shown as Rs. 2,14,819. It is due to the fact that subsequent to the submission of the statement additional receipts to the extent of Rs. 18,713 and additional expenditure of Rs. 14,769 was adjusted to the balance as per orders from the Accountant-General and hence the change in the figure of opening balance shown last year.

† The balance shown in the last year's return was Rs. 1,23,804. This balance has been reduced by Rs. 2,449 as shown below :—

	Rs. a. p.
The balance is increased as per Accountant General's No. 5 B.K.-76 of 24th July 1919	19 5 4
The balance is increased as per Accountant General's No. 72 A. IV-592, of 26th July 1919	10 14 0
The balance is increassd as per Accountant General's No. B.K.-12—1—1113 of 6th August 1919	2 7 7
	32 10 11

The balance is reduced as per Accountant General's No. 51 of 21st July 1919 ...			770 0 0
